

50+ ChatGPT Prompts for SEO Success

Copy-Paste Ready Prompts for Indian Businesses

This collection contains 50+ proven ChatGPT prompts for every aspect of SEO. Simply copy, paste into ChatGPT, customize the bracketed sections [like this], and get instant results.

How to Use: Replace [bracketed text] with your specific information. For best results, provide context about your business, industry, and target audience.

1. Keyword Research Prompts (10)

Prompt 1: Keyword Ideation

"Generate 50 long-tail keyword ideas for [your niche/industry] targeting [Indian city/region]. Include search intent (informational, commercial, transactional) and estimated difficulty level for each keyword."

Prompt 2: Competitor Keywords

"Analyze the top 5 competitors for [your primary keyword]. What keywords are they ranking for that I'm not? Suggest 20 keyword opportunities where I can outrank them."

Prompt 3: Local Keywords

"Generate 30 local SEO keywords for a [business type] in [Indian city]. Include 'near me' variations, neighborhood names, and local landmarks."

Prompt 4: Question Keywords

"List 25 question-based keywords (what, how, why, when, where) related to [your topic]. These will be perfect for blog posts and FAQ sections."

Prompt 5: LSI Keywords

"Provide 20 LSI (Latent Semantic Indexing) keywords related to [your primary keyword]. These help Google understand content context better."

Prompt 6: Seasonal Keywords

"Suggest 15 seasonal keywords for [your business] in India. Include festivals, exam seasons, wedding seasons, and other timing-based opportunities."

Prompt 7: Keyword Clustering

"Take these keywords [list 10-20 keywords] and group them into topical clusters. Suggest pillar pages and supporting content for each cluster."

Prompt 8: Voice Search Keywords

"Generate 20 voice search keywords for [your business/topic]. Focus on conversational, natural language queries that Indians actually speak."

Prompt 9: Regional Language Keywords

"Suggest keyword variations in Hinglish (Hindi + English mix) for [your topic]. Many Indians search in mixed language - this is a goldmine opportunity."

Prompt 10: Keyword Gap Analysis

"I rank for these keywords: [list yours]. My competitor ranks for: [list theirs]. What's the gap? Which keywords should I prioritize to close this gap?"

2. Content Creation Prompts (15)

Prompt 11: Blog Outline

"Create a detailed blog post outline for '[your keyword]' targeting Indian readers. Include: Introduction hook, 5-7 H2 sections with 3-4 H3 subsections each, key points to cover, and a compelling conclusion with CTA."

Prompt 12: Meta Title Generator

"Generate 10 SEO-optimized meta titles for a page about [your topic]. Each should be 50-60 characters, include the primary keyword, and be compelling enough to get clicks."

Prompt 13: Meta Description Writer

"Write 5 meta descriptions for [your page/topic]. Each should be 150-160 characters, include a call-to-action, and mention benefits for Indian businesses/users."

Prompt 14: Introduction Paragraph

"Write an engaging introduction paragraph for an article about [your topic]. Hook the reader in the first sentence, mention the pain point, and promise a solution. Target Indian audience."

Prompt 15: FAQ Generator

"Generate 10 frequently asked questions and detailed answers about [your topic/service]. Format them for FAQ schema markup."

Prompt 16: Product Description

"Write a compelling 150-word product description for [your product]. Include key features, benefits, and target keywords naturally. Focus on Indian market needs."

Prompt 17: Service Page Content

"Create comprehensive content for a service page about [your service]. Include: What it is, how it works, benefits, pricing for Indian market, FAQs, and trust signals."

Prompt 18: Case Study Outline

"Create an outline for a case study showing how [your solution] helped [client type]. Include: Challenge, Solution, Implementation, Results with metrics, Testimonial, and Key Takeaways."

Prompt 19: Social Media Captions

"Write 5 engaging social media captions for posts about [your topic]. Include relevant hashtags for Indian audience, a hook, value proposition, and CTA. Keep under 100 words."

Prompt 20: Email Newsletter

"Write a 200-word newsletter introducing [your new content/product/service] to subscribers. Make it conversational, benefit-focused, and include a clear call-to-action."

Prompt 21: How-To Guide Structure

"Create a step-by-step how-to guide structure for '[how to do X]'. Break it into 7-10 clear steps with descriptions. Include what tools/materials are needed."

Prompt 22: Comparison Article

"Create an outline for '[Option A] vs [Option B]: Which is Better for Indian Businesses?'. Include: Introduction, Feature comparison table, Pros/Cons, Use cases, Pricing in INR, and Verdict."

Prompt 23: Listicle Structure

"Create an outline for 'Top 10 [Topic] for [Indian audience]'. Include catchy title, introduction, each item with description and why it's valuable, and conclusion."

Prompt 24: Content Refresh

"I have this old content: [paste excerpt]. Help me refresh it for 2025. Update statistics, add new trends, improve readability, and suggest 3-5 new sections to add."

Prompt 25: Regional Language Content

"Translate this content to Hinglish (keep it natural, not literal translation): [your English content]. Ensure it sounds conversational and culturally appropriate for Indian readers."

3. Technical SEO Prompts (10)

Prompt 26: Schema Markup Generator

"Generate JSON-LD schema markup for [Article/LocalBusiness/Product/FAQ] with these details: [provide your details]. Ensure it's valid and includes all required fields."

Prompt 27: Robots.txt Creator

"Create a robots.txt file for my [type of website]. I want to allow all search engines, block admin pages at /admin/, and reference my sitemap at domain.com/sitemap.xml."

Prompt 28: Canonical Tag Strategy

"I have these URLs that show the same content: [list URLs]. How should I implement canonical tags? Which URL should be canonical and what tags should the others have?"

Prompt 29: Hreflang Tags

"I have these language versions: English (en-in), Hindi (hi-in), Tamil (ta-in). Generate proper hreflang tags for a page at [URL] with versions at [Hindi URL] and [Tamil URL]."

Prompt 30: Site Speed Optimization

"My PageSpeed Insights shows: LCP 4.2s, FID 200ms, CLS 0.25. Provide a prioritized action plan to improve these scores. Focus on quick wins first."

Prompt 31: Mobile Optimization

"My site fails Google Mobile-Friendly Test with these issues: [paste errors]. Provide specific fixes and code examples to resolve each issue."

Prompt 32: 301 Redirect Rules

"I'm changing my URL structure from [old format] to [new format]. Generate .htaccess 301 redirect rules for these 10 old URLs: [list URLs] to their new versions."

Prompt 33: XML Sitemap Structure

"I have a [type of site] with [number] pages, [number] blog posts, and [number] products. Suggest an optimal XML sitemap structure. Should I use index sitemaps?"

Prompt 34: Structured Data for FAQ

"Convert these 5 FAQs into proper FAQ schema markup: [list your Q&As;]. Provide complete JSON-LD code ready to paste in my HTML."

Prompt 35: Core Web Vitals Fix

"My Core Web Vitals failed with: [specific issues from PageSpeed Insights]. Provide a step-by-step technical action plan with code examples to fix each issue."

4. Competitor Analysis Prompts (8)

Prompt 36: Competitor Content Gap

"My competitor [domain] ranks for these topics: [list 5-10 topics]. I cover: [your topics]. What content gaps should I fill to compete effectively in the Indian market?"

Prompt 37: Backlink Analysis

"Analyze my competitor's backlink profile at [domain]. What types of sites link to them? Suggest 10 sites I should target for backlinks in the Indian market."

Prompt 38: Content Length Analysis

"My top 5 competitors for [keyword] have content of these lengths: [list word counts]. What's the ideal length for my content to outrank them? What unique angles can I add?"

Prompt 39: Keyword Overlap

"I rank for [list your top 10 keywords]. My competitor ranks for [their top 10]. Where do we overlap? Where do they beat me? Suggest a strategy to outrank them on overlap keywords."

Prompt 40: SERP Feature Analysis

"For keyword [X], the SERP has: Featured snippet, People Also Ask, Local Pack, Videos. Which of these can I target? Provide a strategy for each SERP feature."

Prompt 41: Competitor's Best Content

"Analyze [competitor domain]'s most linked-to and shared content. What makes it successful? Suggest 3 content ideas I can create to compete, with an Indian audience angle."

Prompt 42: Social Media Strategy

"My competitor has [X] followers on [platform] with this posting frequency: [describe]. Analyze their strategy. What's working? How can I differentiate while reaching Indian audience?"

Prompt 43: Pricing Comparison

"My competitors charge: [list competitor pricing in INR]. My service offers [your unique value]. How should I position my pricing for the Indian market to be competitive yet profitable?"

5. Link Building Prompts (8)

Prompt 44: Outreach Email Template

"Write a personalized outreach email to [website owner] requesting a backlink to my article about [your topic]. Make it benefit-focused, not salesy. Keep under 150 words."

Prompt 45: Guest Post Pitch

"Create a guest post pitch for [website/blog name] in the [Indian/niche] space. Suggest 3 article ideas relevant to their audience, explain my expertise, and keep it professional yet friendly."

Prompt 46: Resource Page Link Request

"Write an email requesting to be added to this resource page: [URL of resource page]. Explain why my [resource/tool/guide] would be valuable to their audience. Keep it brief."

Prompt 47: Broken Link Building

"I found this broken link on [website]: [broken URL]. My resource at [your URL] is a perfect replacement. Write an outreach email informing them and suggesting my link."

Prompt 48: Testimonial for Backlink

"Write a genuine testimonial for [tool/service name] that I use. Include specific benefits and results I've achieved. This testimonial will earn me a backlink from their site."

Prompt 49: HARO Response

"A journalist asked: '[HARO query]'. Write a 100-word expert response that provides value, establishes my credibility, and includes my business name and website subtly."

Prompt 50: Infographic Outreach

"I created an infographic about [topic] at [URL]. Write an outreach email to [website] suggesting they embed it in their article about [related topic]. Include embed code."

Prompt 51: Link Reclamation

"My brand [Brand Name] was mentioned on [website] at [URL] without a link. Write a friendly email asking them to add a link to my site at [your URL]. Keep it short and appreciative."

■ Bonus: Advanced SEO Prompts (4)

Prompt 52: SEO Strategy Plan

"Create a complete 6-month SEO strategy for [type of business] in [Indian city]. Include: Keyword targets, content calendar, link building plan, technical improvements, and expected ROI. Budget: [amount]."

Prompt 53: Content Cluster Strategy

"I want to rank for '[main topic]'. Create a pillar page + cluster content strategy. Suggest 1 pillar page and 8-10 cluster articles, with keyword targets for each."

Prompt 54: Local SEO Audit

"Audit my local SEO for [business name] in [city]. Check: GMB optimization, NAP consistency, local citations, reviews, local content. Provide a prioritized fix list."

Prompt 55: AI Content Detection Fix

"My content is being flagged as AI-generated. Help me humanize it. Here's a paragraph: [paste]. Rewrite it to sound more natural, add personal examples, and include conversational elements."

■ Pro Tips for Better Results:

- Be specific - Replace ALL bracketed [text] with your actual details
- Provide context - Tell ChatGPT about your business, audience, and goals
- Iterate - If the first response isn't perfect, ask ChatGPT to refine it
- Combine prompts - Mix and match these prompts for complex tasks
- Stay updated - Save successful prompts and keep testing new variations
